# PROPOSED CHAPTER 13 PLAN, MOTION(S) TO VALUE SECURED CLAIMS (CLASS FOUR), AND NOTICE TO CREDITORS

To Creditors: Read this proposed plan ("Plan") carefully and discuss it with your attorney. This proposed plan requests that you accept its terms and contains evidentiary matters, which, if not controverted, may be accepted by the Court as true. The proposed plan may be confirmed without further notice if no objection is timely filed. If you object to any provision of this Plan, or if you oppose any included Motion(s) to Value Collateral (listed inside this plan as Class Four), you MUST file a timely written objection. Objections by any party other than the Chapter 13 Trustee must be in writing and filed with the Court by the deadline set forth in the separate notice of the filing of this plan.

This Plan does not allow claims; thus, the fact that your claim is classified herein does not mean that you will receive payment. You must file a proof of claim to be paid even if you are listed in this Plan or on the bankruptcy schedules. If the Debtor proposes to pay a claim directly, then the failure of a creditor to file a proof of claim does not excuse the Debtor from making the required direct payments; provided, however, if any part of a claim is to be paid by the Trustee, the creditor must file a proof of claim.

#### **CAUTION**

At the Debtor's option, the Debtor may file a separate motion to value, in which case the affected creditor will be sent either a notice setting the motion for hearing or a default notice allowing twenty-one (21) days to file an objection otherwise the Debtor's motion may be granted by the Court. If the Debtor files a separate motion to value, the Court will adjudicate the issue based on the separately filed motion and not pursuant to the terms of this Plan. In the event the Court has granted the Debtor's separate motion to value, affected creditors may not object to confirmation of the Plan on the grounds of valuation. In the event a separate motion to value is filed listing collateral at a lower value than originally set forth in the Plan, and the Trustee has made adequate protection payments pursuant to the Plan, the creditor may retain any funds paid by the Trustee before entry of an order of valuation.

## CLASS FIVE - Secured Collateral to be Surrendered or Sold

There are no Class Five claims.
There are Class Five claims that are treated as follows:

The Debtor proposes to surrender or sell the following collateral:

For property the Debtor proposes to sell, a separate Motion and proposed Order must be filed which provide the details of the sale. Court approval also must be obtained for the hire and use of a professional to sell property. After the payment of secured debts and the costs of sale, all net proceeds shall be paid to the Trustee for distribution. Property to be sold by the Debtor that is not sold in the applicable time period will be surrendered to the creditor unless the Trustee requests additional time, or unless the Debtor modifies the Plan to retain the collateral and cure existing defaults. A secured creditor entitled to a deficiency claim must file that claim within 90 days of the date that the real or personal property is surrendered by the Debtor, or within 30 days of a sale that is conducted by the Debtor. After the payment of secured debts and the costs of sale, a report accounting for the sale shall be made and all net proceeds shall be paid to the Trustee for distribution.

#### CLASS SIX - Timely Filed and Allowed Non-Priority Unsecured Claims

Class Six claims will be paid pro rata. The Debtor estimates that Class Six claims will receive prorata of their claims. Payment of any dividend will depend on the amount of secured and priority claims allowed and the total amount of all allowed unsecured claims. No payment will be made until unsecured priority claims are paid in full, and no payment will be made on Scheduled claims unless a proof of claim is filed.

The value as of the effective date of the Plan of property to be distributed in the Plan on account of each allowed unsecured claim is not less than the amount that would be paid on such claim if the estate of the Debtor was liquidated in Chapter 7 of the Bankruptcy Code on that date. The percentage distribution to general unsecured creditors in Chapter 7 is estimated to be o, as shown on Exhibit A attached hereto.
